Program Overview:

Guidewire DataHub unifies, standardizes, validates, and stores data from the typical patchwork of an insurer's systems and external sources. It allows carriers to create a single version of the truth through a detailed transaction repository where internal and third-party data is subject oriented, conformed, and has common context. This provides the perfect staging platform to meet needs of both data consumers and producers.

Program Features:

- > 35 hours of blended learning
- > 29 hours of Online self-paced learning
- > 36 hours of instructor-led training
- > Guidewire Data Hub Use Cases
- > Guidewire SAP Bods
- > Guidewire Data Hub Configuration
- > Complete ETL Tools and Programming
- > Simulation test papers
- > 100% Money back guarantee

Delivery Mode:

Blended - Online self-paced learning and live virtual classroom training

FIEST TECH

Course Reviews:

Venkat Veera

Guidewire Consultant at Ernst & Young

I want to thank the Fiest Tech team on supporting all the way in getting my Guidewire Data Hub Certification. My special thanks to the trainer who explained the topics in detail and made my job easier, and also the support team who provided all admin support. Fiest Tech Online videos worked very well for me. Thank you so much Fiest Tech and the complete team.

Ranjit Chauhan

Guidewire Consultant at TCS US

I took the Guidewire course from Fiest Tech. The learning sessions were structured and easy to follow. The course content was excellent. After going through all the sessions and completing all the requirements, I could easily earn my Certification from Guidewire Education. I would recommend that everyone sign up for Fiest Tech and learn at your own pace.

Jessica Peters

Insurance Project Management Deloitte

This course was great! I feel much more confident about the material now. The trainer was wonderful! I liked that we were able to fire questions at him and he would respond with examples of his experience. Also, no question was a "dumb" question. Give him a Raise! :)

Francine Gaillour

Business Strategist at Liberty Mutual

Fiest Tech Guidewire Data Hub training brought numerous concepts together in a "simple" and cohesive package. I highly recommend FiestTech's Guidewire training even if you do not plan to sit for the PMP exam.

About **Us:**
